**Re: February 21, 2008 General Notice of Potential Liability
Yosemite Creek Site**

Dear Mike:

As you know, this firm represents the Yosemite Creek PRP Group (the "Group") with regard to the Yosemite Creek Site in San Francisco, California (the "Site"). I write now with regard to 28 other entities that received General Notice Letters dated February 21, 2008, from the U.S. Environmental Protection Agency ("EPA") naming them (or entities related to them) as potentially responsible parties ("PRPs") at the Site. Pursuant to separate agreements relating to the 1212 Thomas Avenue Site that were entered into between the current eleven members of the Group¹ and each of these 28 entities, the current eleven members of the Group will be providing each of these 28 other entities with a defense to EPA's claims with respect to the Yosemite Creek Site, subject to certain reservations of rights. Therefore, please direct any future correspondence regarding the Site that is intended for any of these 28 entities to me at the address above. The 28 entities are:

1. Aerojet-General Corporation (for Aerojet Strategic Propulsion Co.)
2. Honeywell International Inc. (for Baron Blakeslee, Inc. (Allied Signal))
3. San Francisco Bay Area Rapid Transit District (for Bay Area Rapid Transit District)
4. Rochester Midland Corporation (for Bytech Chemical)
5. Chevron U.S.A., Inc.
6. E.I. DuPont de Nemours & Company (for Dupont)
7. Eureka Chemical Company

¹ The current eleven members of the Group previously were identified in my letter to you dated March 25, 2008.
